# VISTANCIA COMMUNITY FACILITIES DISTRICT (CFD) DISCLOSURE STATEMENT

In accordance with Title 48, Chapter 4, Article 6 of the Arizona Revised Statutes, a Community Facilities District ("CFD" or "District") has been established by the City of Peoria, Arizona ("City") at the development known as "Vistancia." The CFD has financed and, in the future will finance certain public infrastructure improvements, which will result in a property tax liability for each property owner of Vistancia.

## BACKGROUND

On September 30, 1988, the Arizona Community Facilities District Act became effective. This provision in State law was created to allow Arizona municipalities to form CFDs for the primary purpose of financing the acquisition, construction, installation, operation and/or maintenance of public infrastructure improvements, including water and sewer improvements.

## HOW THE CFD WORKS

On October 15, 2002, the Mayor and Council of the City formed the CFD, which includes all of the residential and commercial property in Vistancia. An election was held on November 12, 2002, at which time the owners of the property within the CFD voted to authorize up to \$100,000,000 of ad valorem tax bonds to be issued over time by the CFD to finance the acquisition or construction of water and sewer improvements.

The improvements referenced above have been or will be dedicated to the City after acquisition or construction of such public infrastructure by the CFDs. The City will operate and maintain such improvements.

## WHAT WILL BE FINANCED?

The CFD has been established to finance up to \$100,000,000 in public infrastructure improvements within Vistancia, including financing costs related to such improvements. Through 2021, Vistancia CFD had issued \$69,606,087 in ad valorem tax bonds; the outstanding balance of those bonds was subsequently refunded in both 2015 and 2020.

The proceeds of the bonds were utilized originally to finance the engineering, design and construction of certain water, water delivery and waste water treatment improvements for Vistancia. In addition, it is anticipated that the remainder of authorized bonds will be issued in the future for forthcoming phases of infrastructure at Vistancia.

## BENEFITS TO RESIDENTS

The bond issues by the CFD will benefit all residents within Vistancia by providing water and sewer improvements. This benefit was taken into account by the Developer in connection with establishing the price of the lot on which, your home is to be located. Each resident of the CFD will participate in the repayment of the bonds in the form of an additional property tax to the current property taxes assessed by other governmental entities. This added tax is currently deductible for purpose of calculating federal and state income taxes.

## PROPERTY OWNERS' TAX LIABILITY

The obligation to retire the bonds will become the responsibility of any property owner in the CFD through the payment of property taxes collected by the Maricopa County Treasurer in addition to all other property tax payments. **(PLEASE NOTE THAT NO OTHER AREA WITHIN THE BOUNDARIES OF THE CITY, OTHER THAN WITHIN THE VISTANCIA COMMUNITY FACILITIES DISTRICT, THE VISTANCIA WEST COMMUNITY FACILITIES DISTRICT, THE VISTANCIA NORTH COMMUNITY FACILITIES DISTRICT AND THE MYSTIC AT LAKE PLEASANT HEIGHTS COMMUNITY FACILITIES DISTRICT, IS CURRENTLY SUBJECT TO A PROPERTY TAX LEVIED BY A COMMUNITY FACILITIES DISTRICT.)**

Although the level of the tax rate is not limited by law, the tax rate of the CFD is not expected to exceed \$2.10 per \$100 of limited assessed valuation for as long as the bonds are outstanding. The tax rate will be maintained initially at the \$2.10 level by means of agreements with Vistancia Development LLC, a Delaware Limited Liability Company and certain other obligated entities (collectively, the "Developer"), which require the Developer to provide for the difference above such \$2.10 rate. **There can be no guarantee that the Developer will be able to make such payments in the future and, if it cannot, tax rates will be increased to provide for such repayment.** As growth of the tax base occurs within the CFD, it is anticipated that such payments from the Developer will no longer be necessary if debt service is covered by the \$2.10 tax rate, at which time, the District may release the Developer from such obligations. In addition, the Developer is obligated to cover payment of certain operation and maintenance expenses associated with the CFD.

## IMPACT OF ADDITIONAL CFD PROPERTY TAX

The following illustrates the additional annual tax liability imposed by the CFD, based on varying residential values within Vistancia CFD and a \$1.89 tax rate for Fiscal Year 2024.

Market Value of Residence	Estimated Annual Additional Tax Liability*
\$300,000	\$350
\$400,000	\$450
\$500,000	\$550
\$800,000	\$675
\$600,000	\$900
\$1,000,000	\$1,125

\*Assumptions:

1. Tax is computed by multiplying limited assessed value by the tax rate per \$100 of assessed valuation.
2. Limited assessed value is determined by the Maricopa County Assessor on an individual basis for each property and can range from 45% to 70% of market value.
3. Market value is not the same as full cash value as reported by the County Assessor, which is typically 75% to 85% of market value.
